I VISUALIZE NO OPERATIONAL OR MAINTENANCE PROBLEMS WHICH WOULD AFFECT OUR ACCOMPLISHMENT OF THE PROBABLY COMMITMENT FROM [REDACTED] UNDER YOUR OUTLINED CONCEPT IT WOULD INVOLVE LITTLE MORE MAINTENANCE EFFORT THAN WE HAVE PREVIOUSLY EXERCISED DURING OUR ALTERNATE RECOVERY PLAN. WARNING TIME APPEARS TO BE ADEQUATE FOR OUR REQUIREMENTS. MY MAIN CONCERN AT THE PRESENT LIES IN THE COMMO AREA AND BRING UP THE FOLLOWING QUESTIONS:

25X1A

A. WHAT COMMO FACILITIES (INCLUDING ROUTING) AND EQUIP AVAILABLE?

B. WHAT CRYPTO SYSTEM TO BE USED AND WHO SUPPLIES CRYPTO MATERIALS AND EQUIP?

C. COMMO MAY BE GREATLY SIMPLIFIED IF A PLAN SIMILAR TO THAT AT LAUGHLIN USED, BUT WITH "OTP" INSTEAD OF "OTT".

THIS WOULD MINIMIZE EQUIPMENT AND MAINTENANCE. AT

PAGE 2

LAUGHLIN HOST PROVIDES ALL COMMO FACILITIES EXCEPT CRYPTO.
REALIZE THAT THESE QUERIES WILL PROBABLY BE ANSWERED WHEN
HQS PLAN FURNISHED.
